### **FISCAL IMPACT**

### **INTRODUCTION**

Councilmember John Mirisch has requested the City adopt a resolution condemning any attempts by the Lithuanian government to deny its involvement in the Holocaust.

### **DISCUSSION**

The City Council of the City of Beverly Hills has a history of condemning anti-Semitic behavior including, but not limited to, adopting the following resolutions:

- Opposing the United Nations Resolution to deny Jewish historical and religious claims to the Temple Mount and the Western Wall in Jerusalem;
- Supporting Assembly Bill 2844, California combatting the boycott, divestment, and sanctions ("BDS") of Israel Act of 2016;
- Opposing the Court of Justice of the European Union's ruling, which requires European Union countries identify food products made in Israeli settlements on the product's label;
- Condemning the California Department of Education for the then current draft curriculum of the Ethnic Studies Models as it demonstrated a clear anti-Jewish bias that was anti-Semitic; and

- Opposing the decision of the United Nations high Commissioner for human rights to release a list of companies that do business in Israeli settlements in the West Bank.

A Committee of the Lithuanian parliament was drafting legislation in January 2020 declaring that neither the Baltic nation nor its leaders participated in the Holocaust.

Arūnas Gumuliauskas, who is working on the legislation, stated:

“The Lithuanian state did not participate in the Holocaust because it was occupied, just as the Lithuanian nation could not participate in the Holocaust because it was enslaved, but individual representatives are obviously involved and it is up to the court to decide.”

It is estimated more than 95 percent of about 250,000 Jews who lived in Lithuania when the Nazis invaded in 1945 were slain.

In January, the City adopted the International Holocaust Remembrance Alliance working definition of anti-Semitism. Additionally, the City Council honored Mr. Grant Gochin with a proclamation recognizing his work fighting Holocaust revisionism perpetuated by the Lithuanian government. The Council noted and condemned the Lithuanian government's recent introduction of draft legislation, which would have absolved and denied Lithuania's role in killing thousands of Jews.

This resolution aligns with the City's history of condemning anti-Semitic behavior and with the recent support of Mr. Gochin's work in fighting Holocaust revisionism.
